Introduction. These two microfilms are part of a series documenting the 1901 census conducted in New Brunswick. The Acadian Archives/Archives acadiennes purchased these particular rolls because they contain data about settlements on the Canadian side of the Upper Saint John Valley. These particular rolls also contain census information from other regions of New Brunswick.

Scope and Content Note. These microfilms contain a nominal enumeration of the 1901 population of the parishes forming present-day Madawaska County, New Brunswick. The microfilms also contain 1901 census information for Sunbury, Queens, Westmorland, and York Counties, New Brunswick, as well as the City and County of Saint John, New Brunswick.

Historical Note. The first nominal census for New Brunswick was taken in 1851. Since that time enumerations have been taken at ten year intervals. Names appear in the order of residence visited by the enumerator. Census records include name, age, nativity, religion, occupation, and relationship to head of household.

Present-day Madawaska County was created in 1873 from a subdivision of Victoria County. Nonetheless, the 1901 census continued to list Madawaska County parishes under Victoria County. At the time of the 1901 census, Madawaska County comprised seven civil parish divisions: Madawaska, Sainte Anne, Saint Basile, Saint Francis, Saint Hilaire, Saint Jacques and Saint Leonard. Four parishes (Madawaska, Saint Basile, Saint Francis, and Saint Leonard) were each further divided into two districts.

Use Note. The census information for Victoria County (which includes Madawaska County parish divisions) is located approximately halfway through roll F95 and at the beginning of roll F96. As an aid to the user, the number of frames per parish for Victoria County is specified in the table of Contents which follows this section.

Access. There are no restrictions on access to this collection.

Provenance. The Archives purchased this microfilm edition from Xebec Imaging Services, Inc. The original of these films were produced by the National Archives of Canada [Ottawa: Xebec Imaging, 1989, rolls T-6444 and T-6445].
