Fort Kent, ME 04743

Dear Sharon:

On behalf of the Maine Career Advantage program and the University of Maine at Fort Kent, I would like to express my appreciation for your participation in and support of The St. John Valley Career Conference 2003. Your hard work helped make this event a success.

Students came away from the day's activities with valuable information that they will use during their career exploration process. Many students will be better prepared to make good decisions in their final two years of high school. This preparation will assist them in making choices regarding post-secondary education options.

The success of the event was evident in the feelings of the guidance counselors and teachers from the three high schools. They all plan to involve their students again next year. Also, student reactions have been very positive. Students surveyed felt that they discovered valuable information during the workshops.

Again, thank you for your presentation. I hope that you will agree to participate next year. Your input from the survey is being put to good use in planning for the St. John Valley Career Conference 2004! (If one is enclosed we did not receive it at the Conference and your opinion is valuable, please fill out and return to me. Thanks!)

Cordially,

Ruth White, Regional Director
