Search Comparisons - FY04
Total Database searches

	FY02	FY03*	FY04**
Total Searches	16718	17161	27957
(corrected total)		17276	

Search Comparisons

*In order to properly compare the years, new database search totals were eliminated from the total for the year. The total searches for the new databases was 1,711. **CORRECTION:** FY04 - Ebsco Animals search totals have been added back into FY03. Ebsco Animals searches were inadvertantly left out due to the database being labled as new in FY03. In addition, because we still have the Military & Government Collection database, the search figure in FY03 was added into the corrected total for FY03 even though it was considered a new title last year. Therefore the total searches in FY03 for the new databases was actually 1581.

**Did not include search totals for new database in FY04. If databases are still available in FY05, we will provide an updated look from FY04 to FY05
