Stephanie Leonard, Administrator
The Stephen & Tabitha King Foundation
49 Florida Avenue
Bangor, ME 04401

Dear Ms. Leonard:

In March 2003, I sent in an application to The Stephen & Tabitha King Foundation, and in May 2003, the foundation funded renovations to Blake Library at \$40,000. We are all very appreciative of your help. Though there was some delay in construction, we are now fully operational. I am enclosing a few pictures to show you the result.

The new entrance has seemed to have increased our visibility. It seems there are more students than ever working and studying in the library. We are delighted to be able to serve our students, staff, faculty, and community patrons in a better way.

Again, thank you and the Kings for your great generosity. If you need a more formal report, please let me know.

Sincerely,

Sharon M. Johnson
Dean of Information Services
