**\*Prior to FY2008, many of the statistics included non-cataloged items. Microfilm and Microfiche continue to be manually counted.**

**\*\*\*\*Prior to FY2008, the books count included a large number of materials that were incorrectly coded as books (such as maps, scores, etc.) We have cleaned up this list for a more accurate book count, attributing to what appears to be a drop in numbers, when in fact the numbers in previous years were innacurate**
