FAR	93					
FK		23	13	13	29	78
TOTAL FLOATERS FROM FK	279					

In Spring FY2016, Blake Library and the three USM libraries jointly began floating (parts) of their collections. Farmington joined in the flow in the fall. In mid June 2018, Blake suspended requestor floating functions during its abatement project. Incoming floating items were returned to their home libraries permitting them to remain in circulation.
