[^]Differences in the number of cataloged serials and books from FY2015 to FY2016 resulted from counting these two materials in a different way from one year to the next. In FY2015, some materials that were counted as cataloged serials should have been counted as books instead. In FY2016 how these materials are counted was made clear and will be consistently counted from FY2016 going forward.

¹Previous fy numbers reflect print and online Maine Docs, from FY2016 onward number reflects online Maine Docs only, as all physical items were discarded in FY2016.

²FY2016's item count and maps item counts have been corrected to remove 21 item duplicates (items counted twice by mistake).

*Difference from previous year is due to the mislabeling of items. Items that should have been labeled as a book were not.

**Inconsistencies in counting an item as a book or as a serial in FY2015 resulted in significant differences from FY2014 to FY2015. From FY2016 on how these materials are counted has been clarified and will be consistently done to reflect accurate book totals.
