

God give me strength - Inez Day Richards

God give me strength and help me not to sin
God give me faith in prayer at dawn or day

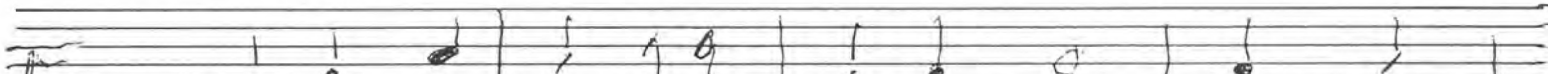

Help me to live that I may enter in the golden gate of
Heaven follow my foot steps all a long the way that I may be made

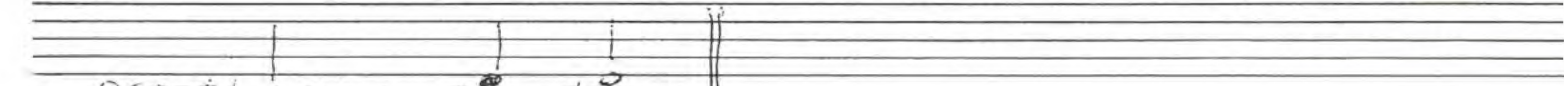

Heaven open wide, where angels flutter round
welcome in that home, where angels join in chor--

and stand beside our loved ones who have earned
us with our own departed who us--

the sacred joy of living in the faith that help
us to perfect happiness and bliss--

~~and~~ not des-troy
in God's love

God Give Me Strength

Inez Day Richards

God give me strength and help me not to sin
Help me to live that I may enter in
The golden gate of Heaven open wide
Where angels flutter round and stand beside
Our loved ones who have earned
The sacred joy of living in the faith that [undiscernible]

God give me faith in prayer at dawn of day
Follow my footsteps all along the way
That I may be made welcome in that home
Where angels join in chorus with our own
Departed who ascended
High above to perfect happiness and blessing in God's love
