Biographical information: No biographical information is available.

Scope and content: This collection consists of typescript pages of the English translation of Thomas Albert's *History of Madawaska*, published in 1920. It is unknown whether these typescript pages were created before publication or after; it is also unknown who created the typescript, though it could be assumed that the original publication author created this typescript. The original file folder containing the typescript was titled "History of Madawaska translation," and labeled "Property of Madawaska Training School." As the MTS changed names in 1955, this typescript was created prior to that year.
