

Welcome to a quick overview of our Discovery System called OneSearch

OneSearch is the ability to search all or most of our resources in one place.

This means you no longer have to figure out where to go to find the articles you want or end up in the wrong place to find your books.

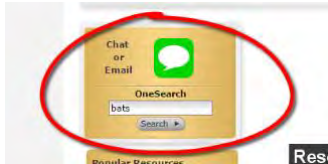

Streaming
VIDEOS
 VHS DVD

Electronic
BOOKS
 Print

Journal
ARTICLES
 Magazine Newspaper

OneSearch will search journals, books, magazines, videos, and so much more, and bring it all to you in one place.

The UMFK library site has access to OneSearch from every page.

You can start a search from our site, and continue in OneSearch to narrow down your results.

OneSearch is also accessible from off campus. You simply click the red bar at the top to make sure you are signed in to access materials.

You will sign in with your portal username and password.
